COUNTY OF CARLOW.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Carlow from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Carlow covers an area of 221,539 statute acres, or 1·1 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Carlow according to the Census of 1901 was 37,748, and according to the recent Census, 36,252 (18,481 Males and 17,771 Females), or 3·96 per cent. less than in 1901.

* Formerly Carlow No. 1. † Formerly New Ross No. 3.

From the foregoing Statement it will be observed that there was an increase of 1·6 per cent. in one District, viz., Carlow Urban, and a decrease in three Districts, ranging from 3·6 per cent. in Idrone Rural to 8·6 per cent. in Baltinglass No. 2 Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 7,816, the average number of persons in a family being thus 4·5. The number of Inhabited Houses was 7,733, showing an average of 4·6 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 5,612, or 71·8 per cent. of the total number of Families in the County, and of these 2 were occupiers of part of a room only; 354, or 4·5 per cent. of the total number of Families in the County, were occupiers of one room; 1,728, or 22·1 per cent., occupiers of two rooms; 1,885, or 24·1 per cent., occupiers of three rooms; and 1,643, or 21·0 per cent., occupiers of four rooms.

In 1901 the population of this Area amounted to 6,513. In 1911 it was 6,619, showing an increase of 106 persons, or 1·6 per cent.; but in the remainder of the County there was a decrease of 5·1 per cent.

Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, &c., their actual state.

Four classes have been adopted, and the result is that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF DUBLIN.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Dublin from the Census Returns of 1911

SUMMARY.

Area.—The (Administrative) County of Dublin covers an area of 218,873 statute acres, or 1·0 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Dublin, according to the Census of 1901, was 157,568, and according to the recent Census, 172,394 (78,708 Males and 93,686 Females), or 9·41 per cent. more than in 1901.

County Districts (Table VI.).—The following statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade.—

County Districts	Population.		Increase or Decrease between 1901 and 1911.		
			Number		Rate per cent
	1901	1911.	Increase.	Decrease.	
Blackrock Urban	8,719	9,080	361		4·1
Dalkey Urban	3,398	3,536	138		4·1
Killiney and Ballybrack Urban	2,744	2,721		23	0·8

Pembroke Urban	25,709	29,204	3,495		13·5
Rathmines and Rathgar Urban	32,602	37,840	5,238		16·1
Balrothery Rural	18,146	19,232	1,086		6·0
Celbridge No. 2 Rural	5,133	5,175	42		0·8
Dublin, North, Rural	16,957	18,011	1,054		6·2
Dublin, South, Rural	13,670	16,249	2,579		18·9
Rathdown No. 1 Rural	12,808	14,037	1,229		9·6
Total,	157,568	172,394	14,826		9·4

From the foregoing Statement it will be observed that there was an increase in nine County Districts ranging from 18·9 per cent. in Dublin South Rural, 16·1 per cent. in Rathmines and Rathgar Urban, to 0·8 per cent. in Celbridge No. 2 Rural, and 4·1 per cent. in each of Blackrock Urban and Dalkey Urban; but a decrease in two County Districts, viz., 0·8 per cent. in Killiney and Ballybrack Urban, and 2·1 per cent. in Kingstown Urban.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 35,062, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 31,185, showing an average of 5·2 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 19,250, or 54·9 per cent. of the total number of Families in the County, and of these 2 were occupiers of part of a room only; 2,843, or 8·1 per cent. of the total number of families in the County, were occupiers of one room; 6,476, or 18·5 per cent., occupiers of two rooms; 6,164, or 17·6 per cent., occupiers of three rooms; and 3,765, or 10·7 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 2,844, comprising 1,031 cases in which the room had only one occupant; 1,380 where the room had 2, 3, or 4 occupants; 382 cases in which there were 5, 6, or 7 occupants; and 51 cases where the occupants exceeded 7 in number, including 6 cases of 10 persons, one case of 11 persons, and one of 12 or more persons in the room.

Civic Areas.—Towns having in 1911 a population of 2,000 and upwards, are classified as Civic Areas. The County contains eight such Areas, viz., Blackrock, Dalkey, Killiney and Ballybrack, Kingstown, Pembroke, Rathmines and Rathgar, Balbriggan, and Terenure. In 1901 the population of these Areas amounted to 94,179. In 1911 it was 105,250, showing an increase of 11,071 persons, or 11·8 per cent.; in remainder of the County the increase was equivalent to 5·9 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 3,164, or one in every 50 of the population, of this number 1,393 were inmates of Workhouses, and 1,771 were in receipt of Outdoor Relief. In 1911 the number returned was 3,044, or one in every 57 of the population; 1,454 of these being in the Workhouses, and 1,590 on Outdoor Relief, which figure includes 90 children Boarded-out.

The Sick (Table XII.).—In 1901 the number of persons in the County of Dublin returned as Sick, on the night of the Census, was 1,177, or one in every 134 of the population. In 1911 the number so returned was 1,333, or one in every 129 of the population; of the latter number 284 were at their own homes, and 1,049 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the County of Dublin during the ten years ending 31st March, 1911, was 9,104, equal to an average annual rate of 5·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 30,735, affording an average annual rate of 18·6 per 1,000 of the population; the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 27,631, being equal to an average annual rate of 16·7 per 1,000; the correspouding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 64·9 per cent. were born therein; 15·5 per cent. in other Counties of the Province of Leinster; 5·0 per cent. in Munster; 4·4 per cent. in Ulster; 2·4 per cent. in Connaught; 6·5 per cent. in Great Britain, and 1·3 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Dublin in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	122,372	71·0
Protestant Episcopalians,	39,323	22·8
Presbyterians,	4,400	2·5
Methodists,	2,709	1·6
All other Denominations (and Religion unascertained),	3,312	1·9
Information Refused,	278	0·2
Total,	172,394	100

From the above Table it will be seen that of the total population of the County in 1911, 71·0 per cent. were Roman Catholics; 22·8 per cent. Protestant Episcopalians; 2·5 per cent. Presbyterians; and 1·6 per cent. Methodists. In 1901 Roman Catholics formed 70·4 per cent.; Protestant Episcopalians, 23·9 per cent.; Presbyterians, 2·3 per cent.; and Methodists, 1·5 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

—	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	137,313	95·1
Read only,	2,103	1·5
Illiterate,	4,900	3·4
Total,	144,376	100

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 10·1 in 1891, and 7·3 in 1901, had fallen to 6·2 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Dublin returned as being able to speak the Irish Language in 1911 was 5,873, representing 3·4 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Dublin, according to the Census of 1901 (week ending 11th May), was 24,071. In 1911 the number returned (for week ending 13th May) was 26,589

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County or City of Dublin, amounted to 9,580 (5,496 Males and 4,084 Females); the number for the decade ending 31st March, 1901, was 10,615; for that ending with March, 1891, 24,814; for that ending with March, 1881, 19,726; for that ending with March, 1871, 30,772; and for that ending with March, 1861, 25,735; making a total of 121,262 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

CITY (OR COUNTY BOROUGH) OF DUBLIN.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the City (or County Borough) of Dublin from the Census Returns of 1911.

SUMMARY.

Area.—The City (or County Borough) of Dublin covers an area of 7,911 statute acres, or 0·04 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the City of Dublin, according to the Census of 1901, was 290,638; and according to the recent Census, 304,802 (147,656 Males and 157,146 Females), or 4·87 per cent. more than in 1901.

Families and Houses (Table VIII.).—The number of distinct Families in the City at the time of the late enumeration was 62,365, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 35,477, showing an average of 8·2 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 47,292, or 75·8 per cent. of the total number of Families in the City, and of these 40 were occupiers of part of a room only; 21,113, or 33·9 per cent of the total number of Families in the City, were occupiers of one room; 13,087, or 21·0 per cent., occupiers of two rooms; 6,577, or 10·5 per cent., occupiers of three rooms; and 6,475, or 10·4 per cent, occupiers of four rooms.

The number of Tenements of One Room in the City was 21,133, comprising 3,604 cases in which the room had only one occupant; 12,277 where the room had 2, 3, or 4 occupants, 4,609 cases in which there were 5, 6, or 7 occupants; and 643 cases where the occupants exceeded 7 in number, including 45 cases of 10 persons, 10 cases of 11 persons, and 5 of 12 or more persons in the room.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 9,543, or one in every 30 of the population; of this number 6,024 were inmates of Workhouses, and 3,519 were in receipt of Outdoor Relief. In 1911 the number returned was 9,617, or one in every 32 of the population; 5,602 of these being in the Workhouses, and 4,015 on Outdoor Relief, which figure includes 366 children Boarded-out, and 3 in Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the City of Dublin returned as Sick, on the night of the Census, was 4,804, or one in every 60 of the population. In 1911 the number so returned was 4,292, or one in every 71 of the population; of the latter number 256 were at their own homes, and 4,036 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the City of Dublin during the ten years ending 31st March, 1911, was 22,487, equal to an average annual rate of 7·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the City during the ten years was 94,882, affording an average annual rate of 31·9 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 73,590, being equal to an average annual rate of 24·7 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the City in 1911, 70·3 per cent. were born in the City or County of Dublin; 13·0 per cent. in other Counties of the Province of Leinster; 4·7 per cent. in Munster; 3·2 per cent. in Ulster; 2·0 per cent. in Connaught; 5·5 per cent. in Great Britain; and 1·3 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the City of Dublin in 1911 :—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	253,370	83·1
Protestant Episcopalians,	39,357	12·9
Presbyterians,	4,217	1·4
Methodists,	2,322	0·8
All other Denominations (and Religion unascertained),	5,359	1·8
Information Refused,	177	0·0
Total,	304,802	100·

From the above Table it will be seen that of the total population of the City in 1911, 83·1 per cent. were Roman Catholics; 12·9 per cent. Protestant Episcopalians; 1·4 per cent. Presbyterians; and 0·8 per cent. Methodists. In 1901 Roman Catholics formed 81·8 per cent.; Protestant Episcopalians, 14·3 per cent.; Presbyterians, 1·4 per cent.; and Methodists, 0·8 per cent. of the population of the City.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this City are :—

—	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	229,400	92·6
Read only,	5,228	2·1
Illiterate,	13,210	5·3
Total,	247,838	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 14·5 in 1891, and 10·1 in 1901, had fallen to 9·2 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the City of Dublin returned as being able to speak the Irish Language in 1911 was 11,870, representing 3·9 per cent. of the total population of the City.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by Poor Law Unions, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the City of Dublin, according to the Census of 1901 (week ending 11th May), was 46,535. In 1911 the number returned (for week ending 13th May) was 46,936.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County or City of Dublin, amounted to 9,580 (5,496 Males, and 4,084 Females); the number for the decade ending 31st March, 1901, was 10,615; for that ending with March, 1891, 24,814; for that ending with March, 1881, 19,726; for that ending with March, 1871, 30,772; and for that ending with March, 1861, 25,755; making a total of 121,262 for the sixty years.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—
The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements i.e., their actual state.
Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.
The accommodation which the houses afford has also been arranged under four classes, viz:—
First Class accommodation, consisting of 1st class houses occupied by one family.
Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.
Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.
Fourth Class accommodation includes all 4th class houses 3rd class houses with more than one family 2nd class houses with four or more families and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF KILDARE.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Kildare from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Kildare covers an area of 418,645 statute acres, or 2[illegible] per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Kildare, according to the Census of 1901, was 63,506; and according to the recent Census, 66,627 (37,684 Males and 28,943 Females), or 4·82 per cent. more than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade:—

County Districts.	Population.		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Athy Urban,	3,599	3,535		64	1·8
Naas Urban,	3,836	3,842	6		0·2
Athy No. 1 Rural,	12,583	12,183		410	3·3
Baltinglass No. 3 Rural,	2,139	1,818		187	9·0
Celbridge No. 1 Rural,	9,092	8,988		104	1·1
Edenderry No. 2 Rural,	5,243	5,192		51	1·0
Naas No. 1 Rural,	27,173	31,039	3,866		14·2
Total,	63,506	66,627	3,121		4·8

From the foregoing Statement it will be observed that there was an increase in two County Districts, viz., 0·2 per cent. in Naas Urban and 14·2 per cent. in Naas No. 1 Rural; but a decrease in each of the remaining County Districts, ranging from 9·0 per cent. in Baltinglass No. 3 Rural and 3·3 per cent. in Athy No. 1 Rural, to 1·0 per cent. in Edenderry No. 2 Rural and 1·1 per cent. in Celbridge No. 1 Rural.

Families and Houses (Table VIII.).—The number of distinct families in the County at the time of the late enumeration was 13,023, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 12,697, showing an average of 4·7 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or heads of Families) in occupation of less than five rooms in 1911 was, 9,903, or 76·0 per cent. of the total number of Families in the County; and of these 6 were occupiers of part of a room only; 600, or 4·6 per cent. of the total number of Families in the County, were occupiers of one room; 3,260, or 25·0 per cent., occupiers of two rooms; 3,899, or 30·0 per cent., occupiers of three rooms; and 2,138, or 16·4 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 603, comprising 186 cases in which the room had only one occupant; 325 where the room had 2, 3, or 4 occupants; 76 cases in which there were 5, 6, or 7 occupants; and 16 cases where the occupants exceeded 7 in number, including 2 cases of 10 persons and one case of 11 persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains four such Areas, viz., Athy, Naas, Newbridge and Kildare. In 1901 the population of these areas amounted to 11,914. In 1911 it was 13,416, showing an increase of 1,502 persons, or 12·6 per cent.; in the remainder of the County the increase was 3·0 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,784, or one in every 36 of the population, of this number 783 were inmates of Workhouses, and 1,001 were in receipt of Outdoor Relief. In 1911 the number returned was 1,648, or one in every 40 of the population; 791 of these being in the Workhouses, and 857 on Outdoor Relief, which figure includes 51 children Boarded-out, and 3 in Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the County of Kildare, returned as Sick, on the night of the Census, was 620, or one in every 103 of the population. In 1911 the number so returned was 647, or one in every 103 of the population; of the latter number 169 were at their own homes, and 478 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purpose of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act, these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Kildare during the ten years ending the 31st March, 1911, was 2,979, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 15,083, affording an average annual rate of 23·2 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 10,496, being equal to an average annual rate of 16·1 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 66·9 per cent. were born therein, 14·4 per cent. in other Counties of the Province of Leinster; 2·9 per cent. in Munster; 1·7 per cent. in Ulster; 1·5 per cent. in Connaught; 11·5 per cent. in Great Britain; and 1·1 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Kildare in 1911:—

Religious Professions.	1911.	
	Number of Persons	Per-centage of Total Population.
Roman Catholics,	54,634	82·1
Protestant Episcopalians,	10,498	15·8
Presbyterians,	611	0·9
Methodists,	576	0·9
All other Denominations (and Religion unascertained),	236	0·3
Information Refused,	22	0·0
Total,	66,627	100·

From the above Table it will be seen that of the total population of the County in 1911, 82·1 per cent. were Roman Catholics; 15·8 per cent. Protestant Episcopalians; 0·9 per cent. Presbyterians; and 0·9 per cent. Methodists. In 1901 Roman Catholics formed 86·3 per cent.; Protestant Episcopalians, 11·6 per cent.; Presbyterians 1·1 per cent.; and Methodists, 0·7 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	50,128	91·3
Read only,	1,373	2·5
Illiterate,	3,419	6·2
Total,	54,920	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 14·1 in 1891, and 11·2 in 1901, had fallen to 9·3 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Kildare returned as being able to speak the Irish Language in 1911 was 1,677, representing 2·5 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Kildare, according to the Census of 1901 (week ending 11th May), was 9,896. In 1911 the number returned (for week ending 13th May) was 10,280.

Emigration (Table XLI.).—The number of emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Kildare, amounted to 2,630 (1,518 Males and 1,112 Females); the number for the decade ending 31st March, 1901, was 2,113; for that ending with March, 1891, 8,249; for that ending with March, 1881, 5,883; for that ending with March, 1871, 7,419; and for that ending with March, 1861, 12,257, making a total of 38,551 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 Inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms: 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF KILKENNY.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Kilkenny from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Kilkenny covers an area of 511,958 statute acres, or 2·5 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Kilkenny according to the Census of 1901 was 79,159; and according to the recent Census, 74,962 (38,551 Males and 36,411 Females), or 5·3 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the decrease during the decade:—

County Districts	Population.		Decrease between 1901 and 1911.	
	1901	1911	Number. — Decrease.	Rate per cent.
Kilkenny Urban,	10,609	10,514	95	0·9
Callan Rural,*	8,163	7,826	337	4·1
Carrick-on-Suir No. 3 Rural,	4,466	4,176	290	6·5
Castlecomer Rural,	10,114	9,377	737	7·3
Ida Rural,†	3,716	3,266	450	12·1
Kilkenny Rural,	13,099	12,487	612	4·7
Thomastown Rural,	13,238	12,594	644	4·9
Urlingford No. 1 Rural,	5,891	5,646	245	4·2
Waterford No. 2 Rural,	9,863	9,076	787	8·0
Total,	79,159	74,962	4,197	5·3

* Formerly Callan No. 1 Rural. † Formerly New Ross No. 2 Rural.

From the foregoing Statement it will be observed that the highest per-centage of decrease in the County Districts took place in Ida Rural and Waterford No. 2 Rural, viz., 12·1 and 8·0 per cent. respectively; and the lowest in Kilkenny Urban and Callan Rural, viz., 0·9 and 4·1 per cent. respectively.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 15,826, the average number of persons in a family being thus 4·6. The number of Inhabited Houses was 15,558, showing an average of 4·7 persons to each house. In calculating these averages the special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 10,701, or 67·6 per cent. of the total number of Families in the County, and of these 4 were occupiers of part of a room only; 689, or 4·4 per cent. of the total number of Families in the County, were occupiers of one room; 2,882, or 18·2 per cent., occupiers of two rooms; 3,546 or 22·4 per cent., occupiers of three rooms; and 3,580, or 22·6 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 691, comprising 277 cases in which the room had only one occupant; 310 where the room had 2, 3, or 4 occupants; 76 cases in which there were 5, 6, or 7 occupants; and 28 cases where the occupants exceeded 7 in number, including 3 cases of 10 persons and 4 cases of 11 persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains one such Area, viz., Kilkenny City. In 1901 the population of this Area amounted to 10,609. In 1911 it was 10,514, showing a decrease of 95 persons, or 0·9 per cent; in the remainder of the County the decrease was 6·0 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 2,393, or one in every 33 of the population; of this number 950 were inmates of Workhouses, and 1,443 were in receipt of Outdoor Relief. In 1911 the number returned was 1,923, or one in every 39 of the population; 879 of these being in the Workhouses, and 1,044 on Outdoor Relief, which figure includes 59 children Boarded-out.

Printed image digitised by the University of Southampton Library Digitisation Unit

The Sick (Table XII.).—In 1901 the number of persons in the County of Kilkenny returned as Sick, on the night of the Census, was 729, or one in every 109 of the population. In 1911 the number so returned was 499, or one in every 150 of the population; of the latter number 206 were at their own homes, and 293 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Kilkenny during the ten years ending 31st March, 1911, was 3,395, equal to an average annual rate of 4·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 16,367, affording an average annual rate of 21·2 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 13,511, being equal to an average annual rate of 17·5 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County (exclusive of the City) in 1911, 89·0 per cent. were born therein; 4·9 per cent. in other Counties of the Province of Leinster; 4·0 per cent. in Munster, 0·3 per cent. in Ulster; 0·4 per cent in Connaught; 1·0 per cent. in Great Britain; and 0·4 per cent. were born abroad.

Of the persons enumerated in the City of Kilkenny in 1911, 77·9 per cent. were born in the County or City of Kilkenny; 8·7 per cent. in other Counties of the Province of Leinster; 6·8 per cent. in the Province of Munster; 1·4 per cent. in the Province of Ulster; 1·3 per cent. in the Province of Connaught; 3·2 per cent. in Great Britain; and 0·7 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County and City of Kilkenny in 1911:—

Religious Professions.	County of Kilkenny (exclusive of City)		City of Kilkenny.	
	Number of Persons.	Per-centage of Total Population.	Number of Persons	Per-centage of Total Population.
Roman Catholics,	61,468	95·4	9,725	92·5
Protestant Episcopalians,	2,702	4·2	655	6·2
Presbyterians,	142	0·2	72	0·7
Methodists,	44	0·1	28	0·3
All other Denominations (and Religion unascertained),	84	0·1	31	0·3
Information Refused,	8	0·0	3	0·0
Total,	64,448	100·	10,514	100·

From the above Table it will be seen that of the population of the County (exclusive of the City) in 1911, 95·4 per cent. were Roman Catholics; 4·2 per cent. Protestant Episcopalians; 0·2 per cent. Presbyterians; and 0·1 per cent. Methodists. In 1901 Roman Catholics formed 95·3 per cent.; Protestant Episcopalians, 4·3 per cent.; Presbyterians, 0·2 per cent.; and Methodists, 0·1 per cent. of the population.

In the City of Kilkenny, according to the present Census, 92·5 per cent. of the population were Roman Catholics; 6·2 per cent. were Protestant Episcopalians; 0·7 per cent. were Presbyterians; and 0·3 per cent. were Methodists. In 1901 Roman Catholics formed 89·5 per cent. of the population; Protestant Episcopalians, 9·6 per cent.; Presbyterians, 0·5 per cent.; and Methodists, 0·4 per cent.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population 9 years and upwards.	
	Numbers	Proportion per cent.
Read and Write,	55,971	90·0
Read only,	1,749	2·8
Illiterate,	4,459	7·2
Total,	62,179	100·

For comparative purposes the figures for those between the ages of 5 and 9 who can read and write are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 15·8 in 1891, and 11·3 in 1901, would have fallen to 9·2 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Kilkenny returned as being able to speak the Irish Language in 1911 was 3,264, representing 4·4 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Kilkenny, according to the Census of 1901 (week ending 11th May), was 12,568. In 1911 the number returned (for week ending 13th May) was 13,055.

Emigration (Table XLI.).—The number of emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Kilkenny, amounted to 3,401 (1,779 males and 1,622 females); the number for the decade ending 31st March, 1901, was 4,835; for that ending with March, 1891, 13,247; for that ending with March, 1881, 9,133; for that ending with March, 1871, 12,338; and for that ending with March, 1861, 34,010, making a total of 76,964 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered in regard mainly to

1st, Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers in brackets to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third is the description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation, consisting of 1st class houses, occupied by one family.

Second Class accommodation, consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

KING'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) King's County from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) King's County covers an area of 493,999 statute acres, or 2·4 per cent. of the total area of the country.

Population (Table II.).—The number of persons in King's County, according to the Census of 1901, was 60,187; and according to the recent Census, 56,832 (29,804 Males and 27,028 Females), or 5·57 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade:—

County Districts	Population.		Increase or Decrease between 1901 and 1911.		
			Number		
	1901.	1911.	Increase.	Decrease.	Rate per cent.
Birr Urban,	4,438	4,017	.	301	6·8
Tullamore Urban,	4,833	4,920	101	.	1·9
Birr No. 1 Rural,	18,843	17,357	.	1,186	7·9
Clonygowan Rural,*	2,797	2,750	.	47	1·7
Edenderry No. 1 Rural,	7,322	7,311	10	.	0·3
Roscrea No. 2 Rural,	5,810	5,497	.	313	5·4
Tullamore Rural,†	16,141	14,244	.	1,2381	7·6
Total,	60,187	56,832	.	3,355	5·6

* Formerly Mountmellick No. 2. † Formerly Tullamore No. 1.

From the foregoing Statement it will be observed that there was an increase of 1·9 per cent in Tullamore Urban, and of 0·3 per cent. in Edenderry No. 1 Rural; and a decrease in each of the other 5 County Districts, ranging from 6·8 per cent. in Birr Urban and 7·9 per cent. in Birr No. 1 Rural, to 1·7 per cent. in Clonygowan Rural, and 5·4 per cent. in Roscrea No. 2 Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 12,535, the average number of persons in a family being thus 4·4. The number of Inhabited Houses was 12,257, showing an average of 4·5 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 9,182, or 73·3 per cent. of the total number of Families in the County, and of these 421, or 3·4 per cent. of the total number of Families in the County, were occupiers of one room; 2,391, or 19·1 per cent., occupiers of two rooms; 4,462, or 35·6 per cent., occupiers of three rooms; and 1,908, or 15·2 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 421, comprising 164 cases in which the room had only one occupant, 178 where the room had 2, 3, or 4 occupants; 64 cases in which there were 5, 6, or 7 occupants; and 15 cases where the occupants exceeded 7 in number, including 4 cases of 10 persons, 2 cases of 11 persons, and 1 of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains 3 such Areas, viz., Birr, Tullamore, and Edenderry, and a portion of another, viz., Portarlington. In 1901 the population of these Areas amounted to 11,577. In 1911 it was 11,958, showing an increase of 381 persons, or 3·3 per cent.; but in the remainder of the County there was a decrease of 7·7 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,568, or one in every 38 of the population; of this number 738 were inmates of Workhouses, and 830 were in receipt of Outdoor Relief. In 1911 the number returned was 1,292, or one in every 44 of the population; 671 of these being in the Workhouses, and 621 on Outdoor Relief, which figure includes 26 children Boarded-out.

Printed image digitised by the University of Southampton Library Digitisation Unit

The Sick (Table XII.).—In 1901 the number of persons in King's County returned as Sick, on the night of the Census, was 411, or one in every 146 of the population. In 1911 the number so returned was 388, or one in every 146 of the population; of the latter number 156 were at their own homes, and 232 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in King's County during the ten years ending 31st March, 1911, was 2,744, equal to an average annual rate of 4·7 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 11,292, affording an average annual rate of 19·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 9,192, being equal to an average annual rate of 15·7 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 80·7 per cent. were born therein; 9·1 per cent. in other Counties of the Province of Leinster; 5.1 per cent. in Munster; 1·0 per cent. in Ulster; 2·0 per cent. in Connaught; 1·5 per cent. in Great Britain; and 0·6 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of King's County in 1911:—

Religious Professions	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	51,178	90·1
Protestant Episcopalians,	4,906	8·6
Presbyterians,	353	0·6
Methodists,	270	0·5
All other Denominations (and Religion unascertained),	108	0·2
Information Refused,	17	0·0
Total,	56,832	100·

From the above Table it will be seen that of the total population of the County in 1911, 90·1 per cent. were Roman Catholics; 8·0 per cent. Protestant Episcopalians; 0·6 per cent. Presbyterians; and 0·5 per cent. Methodists. In 1901 Roman Catholics formed 89·4 per cent.; Protestant Episcopalians, 9·2 per cent.; Presbyterians, 0·6 per cent.; and Methodists, 0·6 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	41,960	88·2
Read only,	1,736	3·6
Illiterate,	3,890	8·2
Total,	47,586	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 16·4 in 1891, and 12·4 in 1901, had fallen to 10·6 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in King's County returned as being able to speak the Irish Language in 1911 was 1,933, representing 3·4 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the King's County, according to the Census of 1901 (week ending 11th May), was 9,035. In 1911 the number returned (for week ending 13th May) was 9,245

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from King's County, amounted to 3,292 (1,678 Males, and 1,614 Females); the number for the decade ending 31st March, 1901, was 3,708; for that ending with March, 1891, 12,367; for that ending with March, 1881, 8,778; for that ending with March, 1871, 12,140; and for that ending with March, 1861, 21,061; making a total of 61,346 for the sixty years.
